Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner stated in claim 16, that he proposes deleting "for" in order to positively recite that the transverse support has the at least one rod receptacle. In regard to claims 21 and 30, Examiner proposed to rewrite that each station has a rod receptacle since the proposed After Final amendment could be interpreted that each station could have one or more receptacles which cannot occur since each station has only 1 receptacle. Applicant agreed. Please see Examiner's Amendment for details.
